Violent Offense Totals of the Current Incarcerated Population

Violent offenses are offenses which resulted in injury and/or involved the use of a weapon. These include but are not limited to Murder (A.R.S. §13-1104, §13-1105), Manslaughter (A.R.S. §13-1103), Sexual Assault (A.R.S. §13-1406, §13-1406.01), Robbery (A.R.S. §13-1902, §13-1903, §13-1904), Aggravated Assault (A.R.S. §13-1204, §13-1206, §13-1207). Non-violent offenses are all other offenses.

	US Citizens	Non-Citizens	TOTAL	%

1.3 Current Custody Ratings

Minimum Custody: Inmates who represent a low risk to the public and staff. These inmates may work outside the secure perimeter of an institution, to include community work crews, and do not require controlled movement within the institution.

Medium Custody: Inmates who represent a moderate risk to the public and staff. These inmates shall not work outside the secure perimeter of an institution and may, at times, require limited controlled movement within the institution.

Close Custody: Inmates who represent a high risk to the public and staff. These inmates shall not be assigned to work outside the secure perimeter of an institution. These inmates require controlled movement within the institution.

Maximum Custody: Inmates who represent the highest risk to the public and staff and require housing in a single cell or double cell environment. These inmates have limited work opportunities within the secure perimeter and require frequent monitoring. These inmates require controlled movement within the institution. This custody level does not apply to inmates designated as a Serious Mental Illness (SMI) by the mental health, female inmates or juveniles adjudicated as adults.

	MALE		FEMALE		TOTAL	
	#	%	#	%	#	%
Minimum	10,117	28.7%	2,051	5.8%	12,168	34.5%

TOTAL	32,015	90.7%	3,284	9.3%	35,299	

*Missing values are those who have not been assigned to a custody level as of 09/30/2024.

Arizona Department of Corrections Rehabilitation & Reentry

2.0 Operating Capacity

Rated Beds are beds permanently part of a unit either by physical design, as defined by law or court order, or as a determined in relation to staffing level, food service, and water and sewage capabilities. Temporary Beds are beds added to a unit in addition to permanent beds assigned to that unit. Operating Capacity is the sum of the rated beds and the temporary beds.

2.1 Operating Capacity by Complex & Custody Level

3.1 Admissions by Type

New Court Commitments are those who are admitted based on a direct court commitment or if they committed a new offense while on parole or probation. "County Probationers Revoked" are those who had a technical violation while on probation. "ADCRR Supervision Violators" are those who absconded or had a technical violation while on parole or under community supervision.

3.2 Commitment Offense

Below is a table of the committed offenses for those admitted to ADCRR in September 2023 compared to September 2024. Consistent with September 2023, “Drug Possession” remains as the most frequent commitment offense in September 2024. In addition, there was an almost 50% increase (49.5% to 188.4%) in September 2024 admissions for “Kidnapping”, “Theft”, and “Arson” compared to those committed in September 2023.

	September 2023		September 2024		% Change by Offense

Arizona Department of Corrections Rehabilitation & Reentry

6.0 Behavioral Health Services

6.1 Medication Assisted Treatment (MAT)

To improve the health of incarcerated individuals with substance use disorders, an evidence-based Medication for Opioid Use Disorder (MOUD) program began at ADCRR in June 2023 at the Winslow Complex. Since then, all of the state-run complexes offer MAT services including medications, counseling, and discharge planning for those returning to the community.

The table below displays the number of days between the date an individual started on medication and September 30, 2024. The greater number of days on medication signals medication compliance and sobriety from opioids.

Of the 7,037 MAT participants, 1.9% (n = 131) are veterans and 53.8% (n = 3,788) are receiving ongoing mental health services. The average MAT participant age is 37 years old.

Drug Name	Male	Female	N
<i>Buprenorphine</i>	598	6,172	6,770
<i>Methadone</i>	79	120	199
<i>Naltrexone/Vivitrol</i>	28	40	68

<i>25 to 39 years</i>	4,135	59%
<i>40 to 54 years</i>	2,152	31%
<i>55+ years</i>	368	5%

Note: Data shown above includes only those active and in ADCRR custody receiving MAT services.

6.2 Mental Health Services

As of September 30, 2024, there are 12,423 (35.2% of the total population) inmates receiving ongoing mental health services. These inmates scored a 3 or higher on a mental health assessment (see scores by age group below).

	Under 18 years	18-24 years	25-39 years	40-54 years	55+ years	TOTAL

6.3 Inmate Health Services

The chart below displays the inmate health services provided in September 2024. The Hepatitis C numbers represent the number of inmates diagnosed with Hepatitis C, including both those receiving treatment and those yet to receive treatment. The HIV numbers represent the number of inmates diagnosed with HIV, including both those receiving treatment and those yet to receive treatment.

Arizona Department of Corrections Rehabilitation & Reentry

7.0 Restrictive Housing

Restrictive Housing refers to housing for inmates as a result of current and ongoing institutional violence or conspiracy to commit violent acts (e.g., serious assaults on staff, serious inmate-on-inmate assaults with a weapon, or multiple inmates assaulting an inmate with a serious injury). Restrictive Housing gives inmates an opportunity to modify their behavior in a positive way so they can safely return to the general population.

8.0 Correctional Programming

At intake, a series of assessments are completed and used in conjunction with criminal history data to create a Risk Level and Community Violence Risk Level. These two assessment results and sentence structure are used to prioritize inmates' program goals and placements. The table below denotes the number of current **enrollments** for each program and the number of program or education **completions** from September 2024.

9.0 Community Reentry

9.1 Monthly Metrics

The values displayed below are the metrics for any shifts in or out of community supervision/reentry until September 30, 2024. The various types of releases from prison and admission into community supervision/reentry are categorized into the following groups:

- **Discretionary Release from Prison** includes but is not limited to: Temporary Release, Paroled-Regular, Parole (Early/Emergency), Return to Community Service, Work Furlough 41-160411C, and Home Arrest 41-1604.13.
- **Mandatory Conditional Release from Prison** includes but is not limited to: Mandatory Release, Provisional Release, Earned Release, and Community Supervision Release.
- **Transition Program Release** includes: Standard Transition Release and Drug Transition Release.

Arizona Department of Corrections Rehabilitation & Reentry

9.3 Reentry Centers

The Pima Reentry Center (PRC, formerly Southern Region Community Corrections Center) was first established in December 2012 as an alternative to a return to custody. This program offers structure, supervision, surveillance, and drug/alcohol education and treatment opportunities to offenders who are in technical violation of their conditions of supervised released and/or who are in need of additional structured support to successfully complete community supervision. The targeted population includes offenders who are considered to be a high risk to recidivate but a low risk to the community, technical violators of their conditions of supervised release and offenders who are homeless and in need of short term emergency housing.

In July 2016, the department opened its second Reentry Center in Maricopa County (MRC). Both programs have the goal to make community supervision more effective in protecting the public by responding to supervision violations swiftly and with certainty. The programs reduce the number of violators who require revocation by responding to negative behavior before it reaches a level of seriousness requiring incarceration and by making sure all appropriate intermediate community alternatives are used before return to custody.

10.0 AZ Crime Victims

The Office of Victim Services at ADCRR notifies victims of crimes any time an adult or juvenile inmate releases, escapes from, or dies in prison pursuant to ARS § 13-4413 and ARS § 13-4412. ARS § 13-603 (C) requires the courts to order convicted persons to pay restitution for victims' out-of-pocket losses that are directly related to the crime. ADCRR is bound under ARS § 31-254 to take 30% of an inmate's wages for court-ordered restitution. Through the Victim Compensation Program, Arizona provides financial assistance to victims of crime or those who become victims – more information can be found [here](#).

Arizona Department of Corrections Rehabilitation & Reentry

11.0 AZ Community Projects

Inmate Work Programs: Inmate work programs provide vocational training and employment skill-building which are fundamental elements of rehabilitation. This also creates an opportunity for inmates to demonstrate their personal commitment and progress to transform their own lives which will lead to successful reentry to our communities.

Wildland Fire Crews: A team comprising of Department employees and inmates trained by and under an Interagency Service Agreement to the Department of Forestry and Fire Management, in conjunction with the US Department of Forest Services to suppress wildland fires.

Arizona Department of Corrections Rehabilitation & Reentry

12.0 Constituent Contacts

**Note: data is only updated quarterly.*

The Constituent Services Office at ADCRR serves as a bridge between the Department and the community at large, providing a final resolution point for legitimate concerns regarding conditions of confinement, dissemination of useful and timely information, building community relationships, enhancing public awareness, promoting justice and positive change, and fostering respect for all while supporting the Department's goals. From July 1, 2024 to September 30, 2024, there have been **4,887** constituent contacts.

12.1 Inquiries & Concerns

To requestors, answers questions (inquiries), gathers concerns, looks into validity for potential correction, and notifies the proper chain of command (concerns).

	Inquires	Concerns	Constituent Contacts
Jul-24	1,148	246	1,786
Aug-24	1,088	887	1,685
Sep-24	891	213	1,416
Total Constituent Contacts			4,887

12.2 Contacts by Source

Different methods used by the public to contact Constituent Services from July 1st, 2024 to September 30th, 2024.

13.3 Contraband

Contraband is defined as any item considered to be detrimental to the safe, secure, and orderly operation of an institution, off-site work/program area, Community Reentry Center or Community Corrections Office.

Arizona Department of Corrections Rehabilitation & Reentry

13.4 Inmate Self-Harm and Mortality Data

Because not all acts of inmate self-harm are suicide attempts, ADCRR has adopted a new method of counting acts of inmate self-harm. Based on a review by medical/mental health staff, these incidents will be categorized as one of the following:

- Self-Injurious Behavior: Any act of self-harm without the intention to end one's life.
- Suicide Attempt: Any act of self-harm with the intention to end one's life.

This distinction allows ADCRR to better understand these incidents and refine prevention techniques.

Prior to February 1, 2024, Intentional Overdose (O) was captured in the category Overdose/Ingestion/Insertion. Beginning February 1, 2024 it will be captured as a separate event type, Intentional Overdose (O).

Of the 134 self-harm events this month, 134 (100%) were self-injurious behavior rather than a suicide attempt. Of the 134 self-harm events this month, 64.9% (87 of 134) were by cutting/burning/biting. Of the inmates who engaged in self-harm, about 9% (5 of 57) were responsible for roughly 37% (50 of 134) of all events for this month.

FY	Self-Injurious Behavior							Suicide Attempt							Unknown	Suicide	TOTAL
	C	I	O	B	H/S	M	Total	C	I	O	B	H/S	M	Total
